NEVER LOST

exafore

EXAFORE HORIZON

1

FOR MANUFACTURING

Unlock your production efficiency with real-time, 24/7 location tracking of all critical equipment, tools and personnel.

2

FOR LOGISTICS

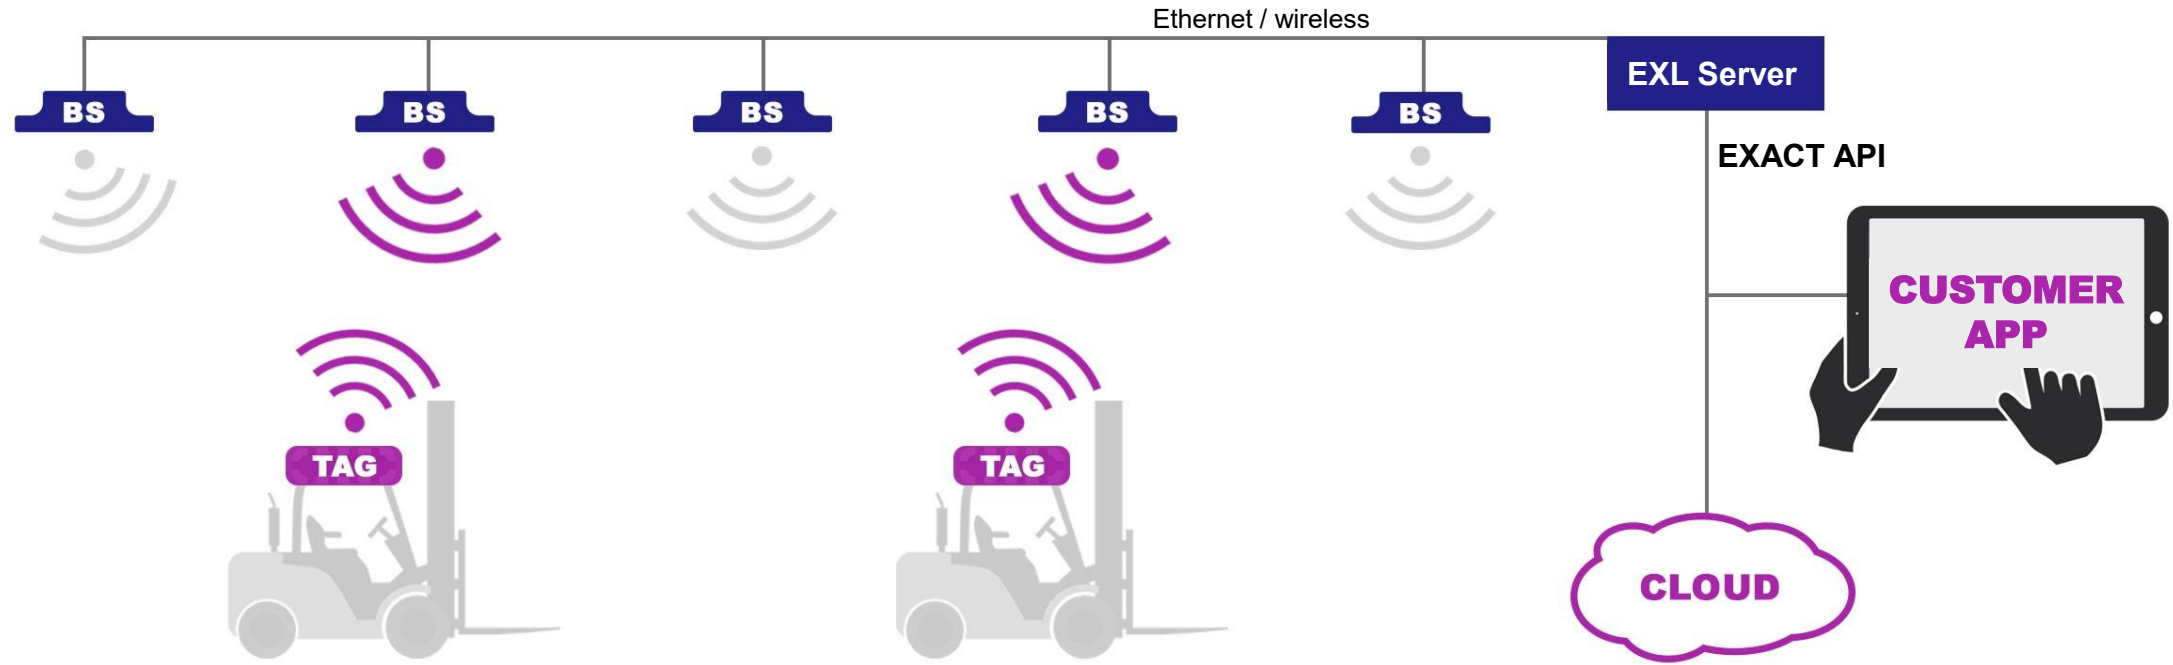

The Horizon real-time locating system is designed for the high-volume, fast paced modern logistics industry. Claim your competitive edge with 24/7 location tracking that scales.

3

FOR HEALTHCARE

Horizon tracks all your critical equipment and personnel, for less time spent searching. Are you ready to improve patient care, team efficiency and recordkeeping in your healthcare facility?

EXAFORE HORIZON: HOW IT WORKS

TAG sends sensor data through base stations

TAG can receive commands through **USER** interface (**EXACT API**)

BASE STATIONS (BS) powered by USB or PoE

TECHNICAL SPECS

ACCURACY UP TO

10 cm

RANGE UP TO

60 m

Connects easily with your infrastructure via Ethernet

Position fix rate
1Hz

DATA COMMUNICATIONS AT

BATTERY LIFE

10 days
(1Hz positioning)

6.81 Mbps

Wireless sensor network
– requires no additional radios

Sensor fusion with
6-axis inertial
sensor

OPTIMIZED DESIGN

ADVANCED HW & SW:

- Long battery life up to 2+ years (tag)
- IP67 rated devices available
